

2021 Best in Precast Concrete AWARD PROGRAM

The Precast/Prestressed Concrete Manufacturer's Association is pleased to announce its 2020 Best in Precast Concrete Award Program. The program was developed to recognize design excellence, innovation and construction quality in the use of precast concrete.

Winners will be recognized during the President's Dinner at the Annual PCMA winter meeting. The dinner will be held in College Station, Texas on **February 11, 2022** at 7:00 p.m.

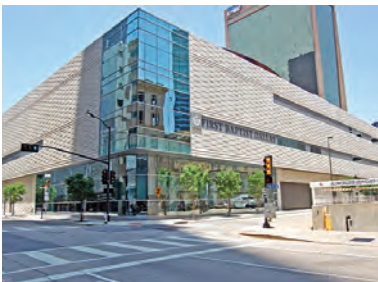

Precast concrete is a versatile and flexible material that can be used in a wide range of projects and applications; therefore several categories are available for entry, including: Bridges, Parking Structures, Schools, Health Care, Transportation, Stadiums, Correctional, Marine,

ELIGIBILITY

Precast concrete must have been produced by a PCMA producer member. Entries must be submitted to PCMA by **December 15, 2021**. All entries must include a completed entry form, at least eight high resolution photographs and a photography release form. PCMA award program accepts PCI Awards submissions.

PHOTOGRAPHY

All entries must submit a minimum of eight photos of the completed project. Elevations, sections and close-up photos of finishes are helpful. Each photograph should have a caption describing the features shown. All photos should have as high a resolution as possible because they will be printed at 300 dpi or higher as they will be used to publicize the winners.

JUDGING

Entries are judged by an independent jury of industry experts who will consider creativity and innovation in the use of precast concrete to achieve aesthetic expression and function.

Because of the broad diversity and the nature of challenges presented to architects and engineers, there may be co-winners or honorable mentions in certain categories. In special cases, PCMA has the option to create ad-hoc categories based on the projects submitted.

DISCLAIMER

Because the purpose of the program is to encourage new approaches in the use of precast concrete, PCMA shall have the right to publish all photographs, names of any and all entrants, and projects submitted to the program without compensation. Each entrant assumes responsibility for material submitted. All entrants must complete a photo permission form for each photographer. All submissions become property of PCMA.

2021 Best in Precast Concrete AWARD PROGRAM

SUBMISSION FORM (The following information will be required for all entries.)

1. Submission category

Building: Commercial ☐ Residential ☐ Industrial ☐ Warehouse ☐ Manufacturing ☐

Multi-Use Project ☐ Parking Structure ☐ School/Educational Building ☐

Stadium/Sport Facility ☐ Health Care ☐ Correctional ☐ Marine ☐

Transportation: Bridge ☐ Highway ☐ Sound Wall ☐ Railroad ☐

Architectural: ☐

Use of precast concrete in the aesthetic development of a project such as cladding, walls or architectural detail

Innovative Use of Precast: ☐

Use of precast in an unusual application or to solve a unique architectural or engineering challenge

2. Name of project _____

3. Address _____ City _____ State _____ Zip _____

4. Submitter (The primary contact to receive all correspondence related to the entry)

Name _____ Title _____ Company _____

Address _____ City _____ State _____ Zip _____

e-mail _____

5. **Project Team** (The team may include the architect, engineer, owner, general contractor, precast specialty engineer, or others involved in the design and construction of the project. For each team member identified, include the contact's name, title, role (; i.e. architect, engineer, etc.) company name, address, city, state, phone and email)

Role _____ Company _____

Address _____ City _____ State _____ Zip _____

Name _____ Title _____ e-mail _____

Role _____ Company _____

Address _____ City _____ State _____ Zip _____

Name _____ Title _____ e-mail _____

Role _____ Company _____

Address _____ City _____ State _____ Zip _____

Name _____ Title _____ e-mail _____

2021 Best in Precast Concrete AWARD PROGRAM

SUBMISSION FORM

5. Project Team

Role _____ Company _____
Address _____ City _____ State _____ Zip _____
Name _____ Title _____ e-mail _____

6. Project description

7. Schedule information (project timeline)

8. Summary of key design features

9. Summary of innovations or accomplishments using precast concrete

10. Type, number and dimensions of precast concrete components

Please return completed submission to PCMA by e-mail to: solutions@precastcma.org
Or mail to: PCMA Award Program, P.O. Box 310358 New Braunfels, TX 78131-0358
